

Advertising Rates for the Overberg Business Directory

Advertising in the Business Directory:

Overberg.co.za aims to offer the most comprehensive directory available to businesses in the Overberg. Any legitimate business in the Overberg can have a listing under one category of a specific town, FREE of charge. This FREE LISTING will include the Company Name, Address and Telephone Number.

At a small cost, Business Listings can be enhanced to include a link to your own website or a Company Logo, Photo or other Image. EXTENDED LISTINGS will include a description of the Company or Services offered. This is ideal for small Companies that don't need their own websites, but want to include a bit more detail on themselves or the services they offer. Advertising options which are paid a full year in advance receive one month's advertising FREE.

Companies needing more exposure, can opt for a FEATURED LISTING that will be displayed at the top of the listings of the specified Category.
